BRIEF INFORMATION ON THE PRODUCT

1. What is this product about?

Applicable Shariah Contract

Wakalah bi Al-Istithmar. This is an agency contract where in PIA-i, the Investor (*Muwakkil*) authorizes the Bank, Hong Leong Islamic Bank (HLISB) as Agent (*Wakil*) to perform a particular task for the purpose of investment.

Type of Product

The product is categorized under the Restricted Investment Account (RA) category. RA refers to a type of Investment Account where the Investor, who is also known as Investment Account Holder(s) ("IAH"), provides a specific investment mandate to the Bank such as purpose, asset class, economic sector and/ or period of investment.

Parties Involved, Roles & Responsibilities

The parties involved will be:

1. Investor who acts as Investment Account Holder (IAH) (also known as *Muwakkil*).
2. HLISB who acts as an agent (*Wakil*) to invest on behalf of the Investor.
3. Hong Leong Islamic Asset Management (HLISAM) who acts as the investment manager of the underlying Dana.

Party	Responsibilities
Investor	IAH provides the investment mandate to the Bank by placing their investment money.
HLISB	HLISB acts as the agent to undertake the investment activity on behalf of the IAH by investing the money into three (3) Shariah Compliant Unit Trust funds known as Dana Al-Izdihar, Dana Maa'rof and Dana Makmur.
HLISAM	Manager of Dana Al-Izdihar, Dana Maa'rof and Dana Makmur that will execute the investment mandate by instruction(s) from HLISB

Any investment losses incurred under this product will be borne by the Investor, as long as such losses are not due to the Bank's misconduct, negligence or breach of specified terms.

KEY PRODUCT FEATURES
Investment Structure

Portfolio Investment Account-i (PIA-i) structure consists of multiple series, where each of the series will have its own Subscription Period (SP) of 21 days at the start of the series.

The investment manner will be in the following order:

**Applicable to Investors opted for auto-renewal during SP*

For the upcoming Subscription Period dates, please refer to the following link.
www.hlisb.com.my/pia-i

1. During Subscription Period (Day 1 to Day 21)

- a) Investors are only allowed to subscribe during the SP of 21 days where the monies placed (net of upfront fees) will be fully invested in Dana Al-Izdihar throughout the SP. However, subscription on Day 21 (last day of PDP) will not be invested into Dana Al-Izdihar.
- b) For Investors who remain until the end of the SP, the applicable profit for each Investors during this SP will be based on the numbers of days invested during the SP. The Bank will credit the profit to Investor's CASA-i (HLISB)/ CASA (HLBB) within four (4) Business Days.
- c) Investors that opt for premature redemption during SP will waive off the profit. The profit during premature redemption will be redistributed to the remaining Investors.
- d) No additional subscription is allowed after the SP.

2. Investment Period (Day 22 onwards)

- a) After the SP expires, the collected principal amount during SP will then be invested into three (3) Danas; Dana Al-Izdihar, Dana Maa'rof and Dana Makmur for an investment period of 6 months based on their respective Asset Allocations set under the Investment Strategy.
- b) Profit Distribution Period (PDP) is on a semi-annual basis. The principal and profits will be credited into the Investor's CASA-i (HLISB) / CASA (HLBB) within four (4) Business Days after the date of PDP.

KEY PRODUCT FEATURES
Calculation of Profit & Fees

Illustration of fees and charges as follows:

1. Calculation of Upfront Fee:

Upfront Fee (1%) X Subscription Amount [A]	=	Upfront Fee [B]
1 % X RM 1,000 [A]	=	RM10

Upfront Fee (1%) [only applicable during SP, not during auto renewal]

2. Calculation of Principal Amount to be invested:

Subscription Amount [A] - Upfront Fee [B]	=	Principal Amount [C]
RM 1,000 - RM 10	=	RM990

3. Total Investment into three (3) Dana:

Principal Amount [C] X *Allocation of each Dana	=	Total Investment [D]
Investment into Dana Al-Izdihar	=	RM198
Investment into Dana Maa'rof	=	RM396
Investment into Dana Makmur	=	RM396
		RM990

**Refer Asset Allocation under Investment Strategy*

4. Calculation of Net Profit (%) for PIA-i from three (3) Dana:

Gross Profit from Dana Al-Izdihar	=	RM5
Gross Profit from Dana Maa'rof	=	RM40
Gross Profit from Dana Makmur	=	RM20
*Gross Profit for PIA-I from 3 Dana [D]	=	RM65
<i>*Assumption of gross profit for each Dana</i>		

Management Fee [E]	=	RM5.85
Net Profit from Investment [F]	=	RM59.15
Total Investor's Investment Value [G]	=	RM1,049.15
<i>*Charged by HLISAM at underlying Dana level</i>		
		[F] = [D] - [E]
		[G] = [C] + [F]
(Net Profit / Capital Amount) X (365 / 180)	=	Net Profit [H]
([F] / [C]) X (365 / 180)	=	12.11% p.a*

5. Calculation of Incentive Fee:

Incentive Fee (0.25%) X Capital Amount [C] x (180/365)	=	Incentive Fee [I]
0.25% X RM 990 X (180 / 365)	=	RM1.22
<i>*Only applicable if <u>Net Profit [H]</u> exceeds 6% p.a.</i>		

6. Total funds credited to Investor:

[G] - [C] - [I]	=	Net Profit return to Investor [J]
	=	RM57.93

Total funds credited to Investor [J] + [C]	=	RM 57.93 + RM 990
	=	RM1,047.93

KEY PRODUCT FEATURES	
KEY RISK	
5. What are the key risks associated with this product?	
a) Risk of Capital Loss	The product carries the risk of not recovering the full original investment. To moderate the risk, the Bank will invest in the Underlying Dana(s) that consist of three (3) unit trust funds that arrive in a blended medium risk category of investment. The three (3) Shariah Compliant unit trust funds managed by HLISAM are Dana Al-Izdihar, Dana Makmur and Dana Maa'rof come with specific allocation for each. The Bank will assess the performance of this Underlying Asset on a daily basis in anticipation of the expected profit rate by Investor(s). The Bank will perform portfolio rebalancing within the Investor(s)'s mandate to ensure the Underlying Asset consistently complies with the fund's strategies and objectives. Underlying Asset rebalancing will be done subsequent to assessments and reviews conducted along with HLISAM as and when the need arises.
b) Market Risk	Market risk is the possibility for Investor(s) to experience losses due to factors that affect the entire financial markets which may directly or indirectly impact the performance of the Underlying Dana(s). The Bank will monitor and manage market risk exposure using existing risk management controls. As an additional control, the Bank will assess the market risk volatility on a daily basis to ensure the Underlying Dana(s) performance is managed effectively within the Investor(s) mandate. HLISAM, after the consent from the Bank, may take a temporary defensive position in attempting to respond to certain conditions which include but are not limited to adverse market, economic and political conditions, insufficient funds to form an efficient portfolio and periods of high fund redemptions. In such situations, HLISAM with consent from the Bank may reduce its Shariah-compliant equity exposures below the mandated range by reallocating its investments into lower-risk Shariah compliant assets such as sukuk, Islamic money market instruments and/or Islamic deposits. Investor(s) consent to perform this defensive strategy will be obtained upfront during the customer on-boarding process.
c) Liquidity Risk	Liquidity risk is the risk that the Bank may be unable to meet short term redemption demands from customer(s). Based on the historical trend of the redemption activities, the Bank will formulate the stress test and establish controls to manage the liquidity risk. Stress testing is a technique used to test the ability of the investment to withstand various possible future financial situations. Any mismatches in the amount of cash being transferred into and out of the portfolio will be analyzed and monitored under the liquidity framework as recommended by BNM. The potential loss arising from the liquidity risk for customer(s) is that there may be lower return and possible capital loss.
d) Credit Risk	This risk may arise when a great amount of the fund's fixed income and money market instruments go into default. This shall be managed by the Bank through careful selection of diversified qualified asset portfolios and close monitoring of the performance of the selected assets to ensure the investment complies with the fund's strategies and objectives.
e) Investment Decision Risk	This risk applies if the market movement does not favor the allocation of assets to be invested in. Hence, careful selection and strict governance shall be applied by HLISB in the decision-making process. The Bank may instruct HLISAM to perform re-allocation of each Dana(s) exposure within the Investor(s) allocation mandate after relevant advice from the Joint Investment Committee. The performance of individual Dana will be assessed by the Joint Investment Committee Meeting which subsequently will be presented to the HLISB's Assets & Liabilities Committee (ALCO) for approval.
f) Regulatory Non-Compliance Risk	Such a situation occurs when the investment fails to adhere to the investment parameters set by the relevant regulators. The risk shall be managed by the Bank in accordance with its overall policies and procedures. The Bank will continue to observe and adhere to any compliance requirements on a regular basis. PIA-i fund will run through periodic Restricted Compliance Self-Assurance (RCSA) exercise and be included into all Regulatory Horizon Scanning activities.

KEY PRODUCT FEATURES

g) Shariah Non-Compliance Risk	This is a risk that arises from the Bank's failure to comply with the Shariah rules and principles determined by the Shariah Committee or regulatory councils. The Bank will continue to monitor, with guidance from the Bank's Shariah Committee, to ensure that the investment complies with the Shariah rules and principles. PIA-i fund will apply dual control measures at the Bank and HLISAM entities. One control is through the periodic review by the Bank's Shariah Review and Shariah Risk. All the three (3) Dana(s) being the Underlying Assets of PIA-i will also be periodically reviewed by HLISAM Shariah Advisor. Additionally, the three (3) Dana(s) has to comply with Securities Commission's SAC of Shariah-compliant Collective Investment Scheme which is observed by HLISAM.
h) Country Risk	Political and economic stability of the country may influence the growth and performance of the investment asset. The Bank will conduct periodic stress test as per the existing Bank's risk management controls. The Bank will also consult HLISAM's independent views/ opinions on this risk for a more collective measure.
i) Operational Risk	Operational Risk is the risk that occurs when the Bank encounters issues in managing end to end investment processes including the daily management reconciliation. This risk arises from inadequate or failed processes, human error, systems or from external sources. The Bank has established controls for all processes to avoid misinformation during data transit.
j) IT Risk	This is a risk that arises from the failure of IT system of the Bank as the on-boarding is only available via online i.e., HLB Connect. The Bank will ensure adherence to the IT policy by BNM and its own internal policies. Main IT risk derives from possible glitches in the form of network time-out in the HLB Connect system. However, the Bank has put in place necessary IT Infrastructure to ensure this product is supported sufficiently similar to other digital based Bank's products.
k) Anti-Money Laundering Risk	This is a risk that arises from customer(s) investing illegal money as defined in Anti-Money Laundering Act (AMLA) into the Fund. The Bank will monitor regularly on Anti-Money Laundering Activities within its organisation. All Investor(s) is required to own and open CASA-i (HLISB) / CASA (HLBB) to subscribe PIA-i. Subsequent to CASA-i (HLISB) / CASA (HLBB) opening, prospective Investor(s) is required to activate the HLB Connect Account. Hence, all mandatory on-boarding requirements including AML screening is done at CASA-i (HLISB) / CASA (HLBB) opening. The PIA-i may only be subscribed via debiting of Investor(s) own CASA-i (HLISB) / CASA (HLBB), of which any redemption will be credited back to the same CASA-i (HLISB) / CASA (HLBB).

You are advised to carefully consider all risk factors before making an investment decision.
