Commodity Murabahah Term Financing-i
(CMTF-i)**

The information provided is merely general information of the product. Be sure to read the final terms and conditions in the letter of offer and facility agreement after credit assessment and approval for the financing.

Please seek clarification from the Bank if you do not understand any part of this document or the general terms.

1. What is this product about?

- CMTF-i is a one-off basis non-revolving Islamic financing facility which complies with Shariah principles that has a predetermined maturity date and payment schedule.
- The Facility is generally used for financing the purchase of fixed assets such as properties or machineries and sometimes for working capital.
- CMTF-i is a fixed rate financing and can also be offered on a multiple tier (level) profit rate. Under this product, the profit rate offered to the Customer at the point of approval remains the same throughout the financing tenure.

2. What is the Shariah contract applicable?

The Shariah contract used is *Tawarruq*. *Tawarruq* refers to 2 sale and purchase contracts. The first involves the sale of an asset (commodity) by the Bank to the Customer on a deferred basis. Subsequently the Customer will sell the same asset to a third party to obtain cash.

The following is the mechanism for CMTF-i:

1. Bank buys the commodity (which is used as underlying asset) at a price equivalent to the Financing Amount (same value as the Commodity Purchase Price as stated in the Letter of Offer) from a commodity supplier on spot as principal. Bank now owns commodity;
2. Customer appoints the Bank as an agent (*wakil*) to purchase the commodity from the Bank on the Customer's behalf and also appoints the Bank as an agent to sell the commodity to third party.
3. Bank sells the commodity to Customer at cost plus mark-up (*Murabahah***) at a Selling Price (same value as the Commodity Sale Price as stated in the Letter of Offer) on deferred payment (instalments). Pursuant to the appointment as the Customer's agent above, Bank will accept/purchase the sale of commodities by the Bank to the Customer. The Customer now owns the commodity.
4. As the owner of the commodity, Customer may opt to:
 - (a) to take physical delivery/possession at his own expense; or
 - (b) sell the commodity to a third party for cash;
5. If the customer chooses 4(b), Bank (as agent of the Customer) sells the Customer's commodity at the Financing Amount to third party on spot for cash;
6. Bank disburses the sale proceeds (financing amount) to Customer.

* *Commodity:*

- (a) *The commodity is in the form of Crude Palm Oil or any other Shariah compliant commodities to be traded under the Facility which shall be acceptable to the parties and as approved by the Shariah Committee of the Bank;*
- (b) *The trading is carried out on a multi-commodity trading platform which facilitates Tawarruq transactions and has been approved by the Shariah Committee of the Bank.*

** *Murabahah:*

Murabahah is a sale and purchase of an asset where the acquisition cost and mark-up are disclosed to the Customer.

3. What do I get from this product?

- Margin of Financing (MOF) offered will depend on the purpose of financing. Typically, for property financing the MOF is up to 80%
