Hong Leong Debit Card-i

Date:

Last updated on 30 Sep 2024

1. What is this product about?

This is a Debit Card-i, a payment instrument which allows you to pay for goods and services from your deposit accounts at participating retail and service outlets via VISA, Mastercard or MEPS network. The Debit Card-i also allows you to withdraw cash at Automated Teller Machines (“**ATM**”). You are required to maintain a deposit account with us, to be linked to your Debit Card-i. If you close your deposit account maintained with Hong Leong Islamic Bank Berhad (“**HLISB**”), you will not be able to perform any transaction via Debit Card-i. Cardholder is to read and understand the Hong Leong Debit Card-i Terms and Conditions before using the Debit Card-i.

- **ATM Cash Withdrawal**

Withdraw cash locally and overseas from over 1 million ATMs that display the logo MEPS, VISA, PLUS, Mastercard or Cirrus.

- **Payment Convenience**

Make purchases at over 29 million VISA and Mastercard merchants domestically and worldwide, as well as MyDebit merchants. You can also pay bills, transfer money and make purchases online.

- **Visa payWave / PayPass / MCCS Contactless acceptance**

Pay with just one wave – a fast, contactless and convenient way of making payments.

- **Discounts & Privileges**

Enjoy exclusive discounts on dining, shopping, travelling, and many more at selected merchants simply by using Debit Card-i.

- **Bonus Profit**

Earn Bonus Profit on your Savings Account-i when you swipe with your Debit Card-i. The more you swipe, the higher the Bonus Profit earned. This is only applicable if you tag your Retail Purchase Account to Hong Leong Pay&Save Account-i.

- **Multi Currencies Feature**

Multi-Currency Feature or “MCF” refers to the foreign currency stored within your HLISB account approved by HLISB for MCF which allows the Cardholder to, amongst others:

- hold foreign currencies approved by HLISB from time to time;
- perform Overseas Transactions in the foreign currency selected by the Cardholder;
- convert one (1) foreign currency to another foreign currency in the Cardholder’s MCF Enabled Account via Hong Leong Bank (“**HLB**”)/HLISB branches or HLB Connect.

For the avoidance of doubt, MCF is only available for a MCF Enabled Account held by a single individual Accountholder. The latest available foreign currencies approved for MCF are available on HLISB’s Website > Deposit-i > Savings Account > Pay&Save Account-i.

Notes:

- “**Overseas Transactions**” means the Debit Card-i transactions and ATM Card transactions performed by the Cardholder outside Malaysia, provided the Cardholder has opted to allow Overseas Transactions to be performed on the relevant Debit Card-i.
- “**MCF Enabled Account**” means the account of the Cardholder where MCF has been enabled, which may include the account linked to the Debit Card-i.
- The Hong Leong Visa Multi Currency Debit Card-i is only issued to Hong Leong Pay&Save-i accountholders wherein the Hong Leong Pay&Save-i accountholders can only tag the Retail Purchase Account to Hong Leong Pay&Save Account-i.

The Debit Card-i shall not be used at any merchants that are in the business of providing non-Shariah compliant goods and services and/or for any non-Shariah compliant transaction categorised by the following Merchant Category, including but not limited to:

1. Bars, Cocktail Lounges, Discotheque, Nightclubs and Taverns
2. Packages Beer, Wine and Liquor
3. Cigar Stores and Stands
4. Gambling Transactions
5. Gambling - Horse Racing, Dog Racing, Non-Sports Intrastate Internet Gambling
6. Dating and Escort Services

2. Shariah Principles

Wakalah

This refers to a contract in which a party, as principal (muwakkil), authorises another party as his agent (wakil) to perform a particular task in matters that may be delegated, with or without the imposition of a fee.

Ujrah

This refers to commissions or fees charged for facilities or services rendered.

3. What are the fees and charges I have to pay?

For the full list of fees and charges, please visit our website at www.hlisb.com.my/dci1 or scan here

4. What are the key terms and conditions?

- (a) Where required by the Authorised Merchant and subject to your available funds, the following pre-authorisation amount will be charged to the Retail Purchase Account linked to the Debit Card-i:
 - (i) RM200 up to three (3) working days for payment made for the purchase of petrol at the automated fuel dispenser;
 - (ii) amount as set by the Authorised Merchant and agreed by you for any payment other than for the purchase of petrol at the automated fuel dispenser.
- (b) The pre-authorisation amount will be reversed out and the actual transaction amount will be charged to your Retail Purchase Account upon settlement by the merchant within twenty-one (21) calendar days or such other period as may be notified by HLISB.
- (c) For the purchase of petrol, you may opt to pay with your Debit Card-i at the petrol kiosk cashier to avoid the earmarking of the pre-authorisation amount.

5. What if I fail to fulfil my obligations?

You must always use reasonable precautions to prevent the loss of your Debit Card-i.

1. Cardholder's responsibilities:

- (a) abide by the terms and conditions for the use of the Debit Card-i;
- (b) take reasonable steps to keep the Debit Card-i and PIN secure at all times, including at the Cardholder's place of residence. These include not:
 - (i) disclosing the Debit Card-i details or PIN to any other person;
 - (ii) writing down the PIN on the Debit Card-i or on anything kept in close proximity with the card;
 - (iii) using a PIN selected from the Cardholder's birth date, identity card, passport, driving license or contact numbers; and
 - (iv) allowing any other person to use the Debit Card-i and PIN.
- (c) notify HLISB as soon as reasonably practicable after having discovered that the Debit Card-i is lost/stolen, an unauthorised transaction had occurred or the PIN may have been compromised;
- (d) notify HLISB immediately upon receiving Notifications via HLB Connect App or Short Message Service ("SMS") transaction alert if the transaction was unauthorised;
- (e) notify HLISB immediately of any change in the Cardholder's contact number;
- (f) use the Debit Card-i responsibly, including not using the Debit Card-i for unlawful activity;
- (g) check the account statement and report any discrepancy without undue delay; and
- (h) ensure that all Card Transactions (including Overseas Transactions) adhere to Bank Negara Malaysia ("BNM") Foreign Exchange Policy Notices ("FEP Notices"). The Cardholder is advisable to read and understand the FEP Notices available on BNM's Website at www.bnm.gov.my/fep to ensure all activities performed using Debit Card-i comply with FEP Notices at all times.

2. You will be liable for PIN-based unauthorised transaction if you have:

- (a) acted fraudulently;
- (b) delayed in notifying HLISB as soon as reasonably practicable after having discovered the loss or unauthorised use of your Debit Card-i;
- (c) voluntarily disclosed your PIN to another person; or
- (d) recorded your PIN on the Debit Card-i or on anything kept in close proximity with your Debit Card-i.

3. You will be liable for unauthorised transactions which require signature verification or with contactless card if you have:

- (a) acted fraudulently;
- (b) delayed in notifying HLISB as soon as reasonably practicable after having discovered the loss or unauthorised use of your Debit Card-i; left your Debit Card-i or an item containing your Debit Card-i unattended in places visible and accessible to others;
- (c) left your Debit Card or an item containing your Debit Card, unattended in places visible and accessible to others;
- (d) voluntarily allowed another person to use your Debit Card-i;
- (e) refused to cooperate with HLISB in the investigation; or
- (f) failed to carry out the following obligations as informed by HLISB to the Cardholder:
 - i. The Cardholder shall not disclose their banking credentials such as access identity (ID) and passcode to a third-party;
 - ii. The Cardholder shall take reasonable steps to keep their security device secure at all times; or
 - iii. The Cardholder shall report any security breach of their banking credentials or the loss of a security device to HLISB as soon as the Cardholder becomes aware of the breach or loss.

4. You are fully liable for all unauthorised ATM transactions.

6. What are the major risks?

- Do not use a PIN/password selected from your birth date, identity card, passport, driving license or contact number to mitigate unauthorised use of your Debit Card-i in the event your Debit Card-i is lost/stolen.
- In the event that your Debit Card-i is lost/stolen, you should notify Hong Leong Contact Centre immediately at **03-7626 8899** to block your Debit Card-i after having found that your Debit Card-i is lost or stolen or unauthorised transaction has been conducted or the PIN may have been compromised.
- You must notify HLISB immediately upon receiving Notifications via HLB Connect App or SMS transaction alert if the transaction was unauthorised.
- Failure to safekeep your Debit Card-i, disclosure of your PIN to third party and delay in notifying HLISB upon discovery of loss/theft/fraudulent use of your Debit Card-i may cause you to fall victims to unauthorised transactions which you may be liable for.

7. What do I need to do if there are changes to my contact details?

It is important that you inform us of any change in your contact and/or personal details to ensure that all correspondences reach you in a timely manner. This can be done by visiting any of HLB/HLISB branches or call our Hong Leong Contact Centre at **03-7626 8899** to update your contact and/or personal details.

10. Contactless Functionality

- **Contactless Transaction Limit**
Contactless transactions without PIN verification are capped at RM250 per transaction ("**Contactless Transaction Limit**"). For contactless transactions of RM250 and below, you will not need to enter your PIN after tapping/waving your Debit Card-i on a contactless-enabled card reader. For contactless transactions above RM250, you will be required to perform a PIN verification.
- **Contactless Daily Cumulative Limit**
Cumulative contactless transactions without PIN verification are capped at RM800 per day or such other limit as may be set by you ("**Contactless Daily Cumulative Limit**"). For additional security, any contactless transaction without PIN verification exceeding the Contactless Daily Cumulative Limit will be declined and you will be asked to perform a PIN verified transaction at the Point-of-Sales to reset your Contactless Daily Cumulative Limit. The Contactless Daily Cumulative Limit resets automatically on a daily basis and whenever you perform a PIN verified transaction.
- **Setting your own limit**
You may set your preferred Contactless Daily Cumulative Limit from RM0 – RM800 via HLB Connect, contact Hong Leong Contact Centre or visit any HLB/HLISB branch. The Contactless Transaction Limit and Contactless Daily Cumulative Limit is subject to and will not exceed the Retail Purchase limit previously set by you. Example:

Retail Purchase Limit	Default Contactless Transaction Limit	Default Cumulative Contactless Limit
RM100	RM100	RM100
RM300	RM250	RM300
RM1,000	RM250	RM800

11. PIN & PAY Debit Cardholder Safety Tips

You, and any additional cardholder, must take all reasonable precautions to prevent the Debit Card-i and the card number, the PIN, your password or any other security details for the card or account (“card security details”) from being misused or being used to commit fraud.

These precautions include:

- sign the Debit Card-i as soon as it is received and comply with any security instructions;
- protect the Debit Card-i, the PIN, and any Debit Card-i security details;
- do not allow anyone else to have or use the Debit Card-i;
- destroy any notification of the PIN and of any Debit Card-i security details;
- do not write down the PIN or the Debit Card-i security details nor disclose them to anyone else including the police and/or HLB/HLISB staff;
- do not allow another person to see your PIN when you enter it or it is displayed;
- do not tamper with the Debit Card-i;
- regularly check that you still have your Debit Card-i;
- keep Debit Card-i receipts and dispose them carefully;
- contact us about any suspicious matter or problem regarding the use of the Debit Card-i at a terminal; and
- check your statements regularly and report any suspicious activities immediately.

You must notify us immediately if:

- your Debit Card-i is lost/stolen;
- your PIN may have been disclosed/compromised;
- your Debit Card-i is retained by an ATM; or
- your address or contact details have changed.

You must select or change your PIN to a number selected by you before the PIN can be used for transactions. Your selected PIN must be one designed to reduce the chance of anybody guessing the numbers you selected. You must avoid unsuitable PINs such as:

- birth dates, months or years in any form or combination;
- sequential numbers (such as 345678) and easily identifiable number combinations (such as 111111);
- any of the blocks of numbers printed on your Debit Card-i; or
- other easily accessible personal numbers such as parts of personal telephone numbers, identity card number or other personal data.

Card Pre-authorisation for Retail Purchase Transactions made with Authorised Merchants

- What happens when I use my Debit Card-i at an Authorised Merchant that request for pre-authorisation?
When you use your Debit Card-i at such an Authorised Merchant, the Authorised Merchant will authorise the pre-authorized amount at the point of the transaction. This is performed by sending a pre-authorisation amount on the payment card to HLISB.
- What is a pre-authorisation?
A pre-authorisation is a temporary hold of a specific amount from the available balance on the payment card. It is used to verify that the card is active and has sufficient funds for the transaction.
- What amount will be pre-authorized on my Debit Card-i?
The pre-authorisation amount for petrol purchase at self-service pumps is set to RM200 and for any other Retail Purchase Transaction, the pre-authorisation amount is the transaction amount set by the Authorised Merchant and agreed by you.

- What if the actual amount transacted is less than the pre-authorised amount?

The amount of the pre-authorization is not a charge and no funds are debited from the Debit Card-i account, but the available balance on the Debit Card-i account is temporarily reduced by the pre-authorization amount. Once you have transacted, the actual amount will be sent to HLISB. At this point the actual amount will be debited from the Debit Card-i account, and the pre-authorization amount is cleared. However, this may take up to twenty-one (21) calendar days after the transaction and the pre-authorization was generated.

- What if my available funds are less than the pre-authorised amount or if I want to avoid a hold of funds on my card?

You cannot proceed with your transaction if the pre-authorization amount is more than your available funds. For the purchase of petrol, if you want to avoid pre-authorization at self-service pumps, you are advised to make payment at the petrol kiosk cashier where the exact purchase amount would be deducted from your account.

Debit Card-i with a Contactless Feature

A contactless card is a fast, easy, and convenient way to pay and lets you make everyday purchases quickly and safely with just a tap of your contactless-enabled Debit Card-i wherever you see the universal contactless symbol.

- How does my contactless card work?

The contactless functionality consists of an embedded computer chip with an antenna that sends the transaction signal wirelessly over a small distance without direct contact between the merchant terminal and the contactless Debit Card-i. In order to make a payment, you simply need to tap your card with a contactless interface to the terminal reader when prompted. No PIN or signature is required for contactless transactions up to RM250 in Malaysia.

Security Features

- The Debit Card-i never leaves your hand

The simplest security measure for a contactless Debit Card-i is the fact that it never leaves your hand. Because you are in control of the payment, there is no chance that someone will double swipe or make a copy of your Debit Card-i when you are not looking.

- Secure chip to prevent counterfeit

Contactless Debit Card-i is as secure as any other chip-enabled Debit Card-i and carry the same multiple layers of security to prevent counterfeit. Each contactless transaction includes a unique code generated by the chip in the Debit Card-i that changes with each purchase, thereby preventing fraudsters from replaying information read from the chip to make payments.

- Cardholder verification for higher value purchases

As contactless technology is designed to offer Cardholders speed and convenience at the cashier, you do not need to sign or enter a PIN for contactless transactions up to RM250 in Malaysia. If the transaction is more than RM250, you can still tap the Debit Card-i but will be required to enter your PIN or be asked to sign the receipt.

- No Cardholder Liability for Contactless Purchases

In the unlikely event of fraud, you will not be held responsible for fraudulent charges or unauthorised purchases made using the contactless feature on your chip Debit Card-i. You must notify us immediately or as soon as reasonably possible of any unauthorised Debit Card-i use or any suspicious activities. However, you may be held responsible for unauthorised purchases if you were negligent in protecting your Debit Card-i or PIN.

Frequently Asked Questions

1. Could I unknowingly make a purchase if I walk past a contactless reader?

A contactless Debit Card-i must be very close to the contactless reader at the cashier to work. Your contactless Debit Card-i will only work when the Debit Card-i is within 4cm of the card reader. Furthermore, the reader needs to be enabled by the cashier and this will only happen when the cashier initiates a transaction at the terminal to accept payment. If the contactless reader is not processing a transaction, it will not read any contactless card presented in front of it by mistake.

2. What happens if I accidentally tap my Debit Card-i twice on the contactless reader?

The contactless terminal can only process one transaction at a time. Even if the contactless Debit Card-i is accidentally tapped more than once, you will only get billed once for the transaction.

3. What happens if I have more than one contactless card in my wallet and I tap my wallet on the contactless reader?

If you hold your card up to a reader and you have any other contactless payment cards nearby, the reader might detect more than one card and will not complete the payment. You will need to do the transaction again. You should make sure you only hold one card on the reader and always take it out of your wallet.

4. What if a fraudster reads my Debit Card-i by placing a contactless reader close to my wallet?

In the unlikely event that the contactless Debit Card-i security details are read by a fraudster through a rogue contactless reader in close proximity to your pocket or wallet, safeguards are in place to prevent unauthorised use of the intercepted card security details. Each contactless transaction includes a unique code that changes with each purchase, which can only be used once and can only be generated by the chip in the original contactless Debit Card-i and prevents a counterfeit Debit Card-i from being produced from the intercepted card security details. In the unlikely event of fraud, you will not be held responsible for fraudulent charges or unauthorised purchases made using the contactless feature on your chip card. You must notify us immediately or as soon as reasonably possible of any unauthorised Debit Card-i use or any suspicious activities.

5. Could a fraudster steal my Debit Card-i and use it to empty my bank account?

Safeguards are in place to mitigate the use of a lost or stolen contactless Debit Card-i by a fraudster. There is a low contactless transaction limit of RM250, above which the transaction cannot be authorised without the cardholder's PIN or signature verification. Transactions are analysed by the card issuer and global payment networks in real-time to identify fraud patterns and detect suspicious transactions.
